

Leica DISTO™ D2

Article number: 16720000

DESCRIPTION

Laser distancemeter

- The compact and handy Leica DISTO™ D2 has many interesting functions and is still simple to use.
- Thanks to its ergonomic and compact design with soft grip, the Leica DISTO™ D2 sits securely in your hand, is lightweight and fits in any pocket.
- The innovative X-Range Power Technology makes it possible to measure distances up to 100m. This technology ensures optimum measure performance, what means fast and reliable measurements.
- Whether measuring out of corners, slots or from edges, with the multifunctional end-piece you are prepared for all measuring situations. The instrument detects the end-piece automatically, which helps to avoid expensive measuring errors.
- Functions: Mini/Max measurement, addition/subtraction, area/volume.
- Memory for 10 results.
- Illuminated display.
- With integrated Bluetooth® Smart you can send your measure results directly to smart phones or tablets – so expensive faults from writing can be avoided.
- DISTO™ D2 is certified by ISO 16331-1.

APPLICATIONS

Applications

- Precise in first applications - faster than measurements with a measuring tape.
- Handy, small, simple to use - versatile in daily use.
- Free app Leica DISTO™ sketch supports the creation of drawings and pictures and to dimension them precisely.
